Miss Wilson will be present in room 37 of the temporary Arts Building between 11.00 a.m. and 12.30 p.m. on Mondays and Tuesdays and between 1.30 p.m. and 3.00 p.m. on Wednesdays and Thursdays during term, starting from Thursday, 15th November.
STUDENTS' MEDICAL SCHEME

The University hopes shortly to announce full details of its Medical Scheme for students. Under this Scheme, clinics will be conducted in the University by doctors on certain days of the week. Among the doctors who have been invited to conduct these clinics are

Dr. R. A. Eames, of 138 Beaconsfield Villas, Brighton 6, (Tel. 52212); and

Dr. K. Gough, of 103 Holland Road, Hove 2, (Tel. 33444).

Students are now advised to register their names with a National Health Service doctor. They would probably find it an advantage to register with one of the doctors who are to be connected with the University's own Medical Scheme.

SODDY RESEARCH FELLOWSHIP IN GEOGRAPHICAL SOCIOLOGY

The endowment of this Fellowship - for a period of three years in the first instance - has been made possible by a generous gift from the Frederick Soddy Trust.

The Trust was set up by the Will of the late Professor Frederick Soddy, F.R.S., a Nobel Prize winner, who was Professor of Chemistry at Oxford University from 1919-1936.

Professor Soddy was born in Eastbourne, where he attended Eastbourne College, and he spent the last years of his life in Brighton, where he died on 22nd September 1956.

The object of the Frederick Soddy Trust is to develop the study of the social, economic and cultural life of specific geographical regions on the general lines developed by the Le Play Society. As the first Fellow, the University has appointed Mr. B.T. Wood, B.A. (Wales).

ESSAY PRIZE

The Gladstone Memorial Trust has offered an annual prize of £30 for competition amongst members of the University.

In due course there will be published regulations governing the award of the Prize, which will be made for special proficiency in History, Political Science and Economics (or for any one or more of these subjects).

FALMER HOUSE

Two committees have been established, one (Falmer House Committee) to control matters of policy relating to the building and its use, the other (Falmer House Management Committee) to control the day-to-day running of the building.

Falmer House Committee will consist of the Vice-Chancellor (Chairman), the Pro-Vice-Chancellor, the Senior Tutor, the Assistant Warden of Falmer House, a representative of the Senior Common Room, three other members of faculty, the President or Vice-President of the Union and five other members of the Union, at least one of whom must be a research student.

The Management Committee will consist of the Assistant Warden (Chairman), two members of faculty (one of them representing the Senior Common Room), two members of the Union and a representative of the technical and secretarial staffs.
BOOKSHOP

It has been agreed in principle that a bookshop will be sited in the cloisters of Falmer House. It is hoped that it will open in October 1963.

STUDENTS

The number of undergraduates finally registered totalled: 159 reading for the degree of B.Sc. and 203 for the degree of B.A. - the latter making a preliminary choice of School as follows:

- English Studies 82
- European Studies 46
- Social Studies 75

The University's policy at present is to admit, not to a particular School, but to a course of study leading to a B.Sc. or to a B.A. It is interesting to note that 18 undergraduates changed their minds, between when they applied for admission and when they registered, about the School they wanted to enter; while 24 did the same with regard to the 'major' subject they intend to study.

It will be remembered that a final choice of School need only be made after 'Prelims.' have been passed.
The first General Meeting of the session took place in the Junior Common Room of Palmer House on Friday, 19th October. Adrian Magridge (President) was in the Chair.

The most important item to emerge was the agreement that all members of Faculty, Administrative and Secretarial staff should be allowed free use of the Junior Common Room and all Union facilities.

A dance for members of the Union and Faculty, held in the Refectory, on Saturday, 20th October was well attended.

A number of University students attended the B.S.A. Rag Ball on Friday, 26th October.

Some important visitors to the Union:

Richard Crossman M.P. spoke to the Socialist Society on Tuesday, 23rd October. This was the second day of the Cuban crisis and much relevant and heated discussion was provoked from the floor.

Two poets have given readings; Jon Silkin and Robert Fitzgerald.

Further Officers of the Union (in addition to those published in the last Bulletin) are:

Treasurer: Dr. D.F. Brewer
N.U.S. Secretary: Janet Ward
World University Service: Vera Reeves
Handbook Editor: Carol Galley
Catering: Carol Neild
Transport: L. Hobbs
Social Secretary: Lesley Thompson (with a Committee consisting of Carol Neild, T. Hilton and Suzanne Hodgart).

A Sports Federation is being formed under the Chairmanship of H.R. Kedward B.A., with Dr. Brewer as Treasurer, J.R. Donnelly, Junior Treasurer, and R. Daw, Student Secretary.

Guest House Committees are asked to appoint a Chairman whose name should be reported to the Union office and will be published in the third edition of the Bulletin.
